

DRUG AND ALCOHOL TESTING PROGRAM

Employees who operate school vehicles are subject to drug and alcohol testing if a commercial driver's license is required to operate the school vehicle and the school vehicle transports sixteen or more persons including the driver or the school vehicle weighs twenty-six thousand one pounds or more. For purposes of the drug and alcohol testing program, the term "employees" includes applicants who have been offered a position to operate a school vehicle.

The employees operating a school vehicle as described above are subject to pre-employment drug testing and random, reasonable suspicion and post-accident drug and alcohol testing. Employees operating school vehicles will not perform a safety-sensitive function within four hours of using alcohol. Employees governed by this policy are subject to the drug and alcohol testing program beginning the first day they operate or are offered a position to operate school vehicles and continue to be subject to the drug and alcohol testing program as long as they may be required to perform a safety-sensitive function as it is defined in the administrative regulations. Employees with questions about the drug and alcohol testing program may contact the superintendent at 600 West Bluff Street, Cherokee, Iowa 51012.

Employees who violate the terms of this policy are subject to discipline up to and including termination. The district is required to keep a record of all drug or alcohol violations by employees for a minimum of five years. Employees are put on notice that information related to drug or alcohol violations will be reported to the Federal Motor Carrier Safety Administration (FMCSA) Clearinghouse. Additionally, the district will conduct FMCSA Clearinghouse queries for employees annually. Employees must provide written consent for the district to conduct FMCSA Clearinghouse queries; however, employees who choose to withhold consent will be prohibited from performing any safety sensitive functions

It is the responsibility of the superintendent to develop administrative regulations to implement this policy in compliance with the law. The superintendent will inform applicants of the requirement for drug and alcohol testing in notices or advertisements for employment.

The superintendent will also be responsible for publication and dissemination of this policy and supporting administrative regulations and forms to employees operating school vehicles. The superintendent will also oversee a substance-free awareness program to educate employees about the dangers of substance abuse and notify them of available substance abuse treatment resources and programs.

This policy and its supporting documents also assume private contractors and nonpublic schools participating in the Iowa Drug and alcohol Testing Program (IDATP) have chosen to test only under the federal regulations and not to test under state law.

This policy and its supporting documents terminate a driver for violation of the policy and its supporting documents. Such a violation includes a positive drug test result. Should a school district, after careful consideration, choose to retain the option not to terminate for violation of this policy, consideration should be given to making the following changes:

School districts choosing to pay for OR to make the driver bear the personal and financial responsibility for the substance abuse evaluation and rehabilitation, if any:
