

## Annual Notice

### Women's Health and Cancer Rights Act of 1998

“Did you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). Call your health insurance carrier at the telephone number listed on your Identification Card for more information.”
